

PhoenixTeam

Enabling homeownership through technology

PhoenixTeam is a technology company that specializes exclusively in the **design, delivery, and care of mortgage technology solutions in the federal and commercial spaces**. Our dream is to enable affordable and accessible homeownership for all Americans through customer-centric technology solutions. We believe that by **bringing joy and purpose back to software development, while bridging the gap between technology and business teams, we can really make a difference** in the lives of clients and homeowners everywhere. PhoenixTeam is a woman and minority-owned small business headquartered in Arlington, Virginia.

Our "Special Sauce"

At Phoenix, we embed ourselves as trusted members and advisors within our clients' ecosystem. We are an intellectually curious group of folks who are constantly learning from industry thought leaders as well as our unique experiences with our clients. We leverage that knowledge to develop value-driven, creative alternatives and techniques to solve our clients' hardest problems and apply those techniques to meet our clients' goals. This is our "special sauce."

We deliver better financial technology outcomes.
